Subject: extension of the environmental assessment certificate Project No.: 2016

Dear Mr. Riddell,

The Environmental Assessment (EA) certificate completed for the Jumbo Glacier Resort project is due to expire in October 2009, and, on behalf of Glacier Resorts Ltd., by means of this letter we wish to apply for a five-year extension of the EA certificate.

We note that despite the extensive studies done before, the Grizzly bear issue has been raised again. However, there has been no fundamental change regarding the information and the basis of the review that have generated the recommendation of the Environmental Assessment Office and the decision of the Ministers.

We have been working diligently on this project in the thirteen years preceding the EA certificate and in the following years, completing the Master Plan approval process, but the key to satisfying the conditions of the EA certificate is the issuance of the Master Development Agreement. This is a responsibility of the Ministry of Tourism, Culture and the Arts, and is subject to the Ministry's consultation obligations, which are beyond our control.

Our clients would appreciate an early response. Thank you for your attention to this matter.

With kind regards,

Pheidias Project Management Corporation

Per: Oberto Oberti, MAIBC, AAA
President

cc.: The Honorable Bill Bennett, Minister of Tourism, Culture and the Arts
The Honorable Barry Penner, Minister of Environment
The Honorable Stanley Hagen, Minister of Agriculture and Lands
